

Housing Agency Counselor Disclosure

Effective with loan submissions on applications dated July 1, 2014 and after, *in order to comply with CFPB requirements*, GMFS will require the Housing Agency Counselor disclosure to be the actual signed list of the housing agency counselors in the borrower's area, and we will no longer be able to accept just the signed document with the web link to the CFPB website.

We will need to get the disclosure with the actual list of the housing agency counselors signed by the borrower(s) beginning with applications dated July 1, 2014 and beyond.

The CFPB website housing counselor web link if needed is below:
